We agree to attend all whole group sessions at the University. Also, we will meet as a family at least once per week with our interventionist at a mutually agreed upon time. We understand that we may be asked to participate in one or more surveys dealing with family literacy and parenting practices. You have the right to choose not to answer any or all questions on the surveys. We further understand that no identifying information from these surveys will be shared with any outside parties except the researcher (Dr. B. L. Fish and his staff) at Jackson State University.

Each week we will be introduced to the literature (books) to be discussed during the next week. Our interventionist will work with our family to help us read aloud and discuss the concepts in the books. We agree to work with the interventionists by arranging time to meet with them as a family no less than eight (8) times throughout the program. Our children will receive 10-12 books over the course of the program to add to their home library.
